**PRESS STATEMENT ON CHINA'S  
INTRUSION INTO MALAYSIAN AIRSPACE**

**(For immediate release)**

The State Government of Sarawak expresses its concern over the recent intrusion of 16 aircrafts belonging to the People's Liberation Army Air Force (PLAAF) of the People's Republic of China into Malaysian airspace in the Malaysian Maritime Zone (MMZ). This incident occurred just over the Luconia Shoals located nearly 110km off the coast of Sarawak.

The State Government unequivocally supports the steps taken by the Federal Government including the summoning of the Ambassador of the People's Republic of China to give an explanation for the intrusion.

It is pertinent that serious action be taken by the Federal Government to ensure such incidents do not reoccur in the future to protect and uphold the sovereignty, dignity and integrity of the country.
